DOORS & INTERNALS

Cortani Interiors has an extensive range of wardrobe doors in numerous colours, profiles and sizes. Our range has been carefully curated to provide a stylish, functional storage solution for any room in your project.

For internal wardrobe storage, select from a range of options include open shelving, clothes rails, and drawers. We can even manufacture and install a custom internal storage solution, in a finish you choose, according to your requirements.

Explore the various options and chat with our expert consultants who can provide you with support and guidance to select a wardrobe that suits your style, and your budget.

Wardrobe Doors

With a contemporary design, Ascot wardrobe doors combine form and function to add the finishing touch to your room. Suitable for either wall to wall, freestanding, or corner return installations, and various sizes there is a solution to your space. The continuous finger-pull channel on all door panels provides additional strength and ease of use.

Smooth Sliding Track

The low-profile sliding track is easy to clean, foot friendly, and has been carefully designed to eliminate side movement for smooth and secure sliding.

Modern Contoured Frame

The contoured appearance of the aluminium frame has been designed to suit any modern room and has a smooth finger pull channel along the full length of the panel for ease of use.

Whisper Quiet Rolling Mechanism

The large 41 mm diameter roller ensures whisper quiet sliding operation and is housed in a galvanised bracket providing ample roller adjustment.

Secure Panels

With a built-in anti-jump feature, the door panels cannot jump the track and are perfectly aligned for quiet, rattle-free operation.

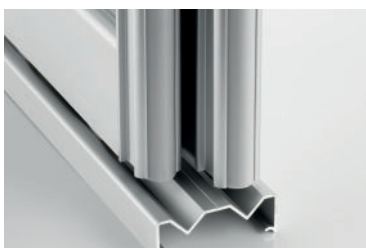

Narrow Wardrobe Doors

Narrow wardrobe doors are designed with a track width of just 57 mm, making them nearly 30% thinner than a standard track width. Combined with the concealed rolling mechanism, this allows for more storage space in your wardrobe and a clean, minimal look for your space.

Refined Design

The refined, slimline design of the Narrow series door has a smooth finger pull channel along the full length of the door for ease of use.

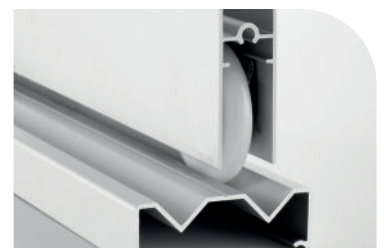

Smooth Sliding Track

The low-profile sliding track is easy to clean, foot friendly, and has been carefully designed to eliminate side movement for smooth and secure sliding.

Secure Panels

Head guides are incorporated into the panel design, ensuring perfect alignment for quiet, rattle-free operation.

Concealed Roller

Clean design from the outside, and if adjustment is required to align the door, this is easily achieved with the turn of a screw.

Frameless Wardrobe Doors

Frameless wardrobe doors offer the ultimate solution in minimalist design with an ultra slim frame that maximises mirror reflections or provides a seamless look for colour panels. Frameless wardrobe doors are suitable for either wall to wall, freestanding, or corner return installations.

Minimal Ultra Slim Frame

The ultra slim design of the aluminium frame offers a seamless look to maximise available space for your chosen door panel finish.

Whisper Quiet Rolling Mechanism

The large 41 mm diameter roller ensures whisper quiet sliding operation and is housed in a galvanised bracket providing ample roller adjustment.

Secure Panels

With a built-in anti-jump feature, the door panels cannot jump the track and are perfectly aligned for quiet, rattle-free operation.

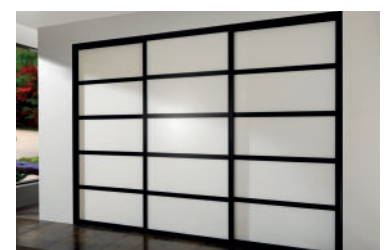

Support Bracket

For oversized applications, door panels can be structurally braced with a slim bracket to provide extra rigidity and safety.

Zen

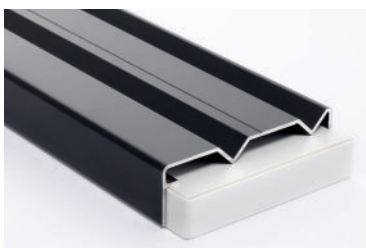

Wardrobe Doors

Zen wardrobe doors feature an architecturally inspired framed panel design that will add a unique sense of style to your space. Make a bold statement with different frame colours and panel colour options to suit your space.

Architecturally Inspired Framed Panels

The ultra slim design of the aluminium frame offers a seamless look to maximise available space for your chosen door panel finish.

Smooth Sliding Track

The low-profile sliding track is easy to clean, foot friendly, and has been carefully designed to eliminate side movement for smooth and secure sliding.

Smooth Sliding, Secure Panels

Premium silicone rollers and head guides ensure door panels cannot jump the track and are perfectly aligned for rattle-free smooth sliding.

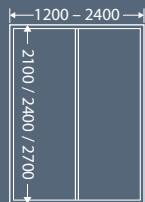

Whisper Quiet Rolling Mechanism

The large 41 mm diameter roller ensures whisper quiet sliding operation and is housed in a galvanised bracket providing ample roller adjustment.

Custom Upgrades (Additional cost)

Triple track system

Wall Jambs

Softclose mechanism

Side wall returns

Triple Track System
Each door has its own full length track allowing you freedom to move the doors into any location.

Side Wall Returns

Ideal for retrofitting a wardrobe in the corner of a room, a side wall return is an extra panel added to enclose your wardrobe space.

Wall Jambs

Adding a wall jamb to your wardrobe completes the framing at the sides for a fully framed look.

Softclose mechanism

For an added touch of elegance and functionality, all of our wardrobe doors can be fitted with a soft closing mechanism for smooth and silent operation.

Wardrobe Internals

Whether you are renovating, or building a new home, we can customise a configuration to suit your needs. Our popular 4 drawer and 4 shelf tower unit provides a highly functional solution for easy access to clothing with crisp white minimal aesthetic. Paired with extra shelving and clothes rails, you can build out your storage to suit your needs. Custom sizes, finishes and configurations are available.

Shelving & Clothes Hanging Rail

Bright silver rail finish as standard (satin silver and white also available)

Clothes rail made from aluminium and installed at a fixed position

Vinyl front drawers with built-in moulded handles

Removable drawers for easy cleaning

4 Drawer & 4 Shelf Tower Unit

Our most popular configuration for wardrobes is the 4 drawer and 4 shelf tower unit, combined with extra shelving and clothes hanging rail. Select from the most common tower unit sizes below or contact us for a quote on custom sizes and configurations to suit your needs. Our shelving and rail support options also allow for full flexibility in your design.

Made in Australia with sustainably sourced 16 mm E1 board

Matt white finish
